Stainton Way Care Home

Hemlington TS8 9LX

North East Care Homes Ltd

## Stainton Way CARE HOME

- › Luxury Accommodation Catering for Residential and Dementia
- › A Positive Choice
- › Comfortable Surroundings
- › Quality Care
- › High Standards
- › A Better Quality of Life
- › Peace of Mind

## Quality Care

You can enjoy a comfortable, fully furnished bedroom which you are encouraged to personalize with small items of furniture, pictures and ornaments. All rooms have en-suite facilities. The bedrooms offer a high degree of comfort and incorporate safety features such as a 24-hour nurse call system, smoke detectors and thermostatic radiators. There is wheelchair access throughout the Home. We also have a weekly visit from and experienced hairdresser, a chiropody service, a comprehensive laundry.

## Comfortable Surroundings

The Home is registered with the local authorities and is run in accordance with their guidelines and to the company's high specifications in respect of standards of care and environment. Our catering staff specialise in providing traditional nutritious food using fresh local produce cooked on the premises using fresh produce and high quality ingredients. Every effort is made to offer a wide choice of meals to meet individuals' preferences or dietary needs and we are delighted to cater for any special celebrations. Meals can be shared at leisure in the dining room but can also be taken in the privacy of your own room.

## A Positive Choice

We appreciate the dilemma you face in finding the appropriate care for yourself or your loved one and we firmly believe that nobody knows your needs better than you or your family. Nevertheless, living in a home specially designed for the elderly in our community can offer you a more comfortable and relaxed quality of life. Residents are able to choose how they spend their days. Sharing a home with other residents living at the same place offers opportunities for social contact and friendships which can be greater than living alone. The security of knowing that experienced and well trained staff are on hand adds to the sense of wellbeing.

# Stainton Way CARE HOME

## A Better Quality of Life

We would like you to feel very much at home and encourage the fullest involvement within the local community. We have bright spacious lounges where you can meet to chat, play board games, watch TV or entertain your guests who are welcome at any time. A full and active lifestyle is encouraged and we organise an optional programme of events, outings and entertainments. Wherever possible, we encourage you to continue your existing hobbies or interests and provide you the opportunity to develop new ones.

## Quality Care

The General Manager is supported by a team of dedicated staff who will ensure that your needs, whether physical, social or emotional, are cared for on a 24-hour basis in a professional and dignified way.
